Spring Arrives After Winter's Bitter Farewell

Cold Season Ends With Near Blizzard, 3 Texas Tornadoes

BY THE ASSOCIATED PRESS

Winter bowed out to spring today, after unleashing a farewell storm Friday that brought near-blizzard conditions and dust storms to parts of the Southwest and three tornadoes that caused minor damage to Texas.

Spring began today at 3:55 a.m. (EST).

Two persons died in Colorado from exertions blamed on the snow there.

One tornado struck near Trenton, Tex., 50 miles northeast of Dallas, destroying or damaging five houses and six barns. Another tornado uprooted trees and damaged two houses as it brushed the northeast edge of Marshall, Tex. The third damaged 22 homes, three badly, at Paxton, a village of about 200 persons 40 miles south of Marshall near the Louisiana line.

Winds up to 86 m.p.h. howled across the Texas Panhandle Friday night piling up snow in three-foot drifts. Blowing snow reduced visibility to zero.

The Texas Highway Department closed all roads in the Texas Panhandle north of the Canadian River because of the drifts. It said the drifts in the Texline area were so big snow plows had difficulty moving them.

All highways out of Amarillo, Tex., except U.S. Highways 87 and 66 to the south, were closed because of poor visibility.

Several motorists were stalled in the Spearman, Tex., area, but the Texas Highway Patrol said they were rescued and none of them was in danger.

The storm developed when an intense low pressure area over the Texas-Oklahoma Panhandle drew freezing air from the high Rockies. As the air rushed east, it encountered moist, balmy air, precipitated snow and churned up dust storms.

Friday night the storm veered from its northeast course and headed toward Louisiana, Arkansas and the central Gulf states.

The snow dropped up to five inches of snow in eastern Colorado. The snow blocked U.S. 85-87 between Castle Rock and Colorado Springs, south of Denver. Many eastern Colorado schools closed.

Clayton, N.M., reported nine inches of snow on the ground and roads in the area blocked. Some highways at Raton were barricaded to prevent cars from trying to go through. Raton Pass was icy and slick, but open. Power lines were torn down in northeastern New Mexico.

DiSalle Denies Any 'Softness' Against Crime

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle says he wants to correct any impression that he is "soft on crime generally" because of his stand against capital punishment.

He made that known Friday at a meeting in his office attended by officials of the Pardon and Parole Commission and the Division of Correction.

The governor urged maximum supervision of prisoners on parole and warned against exceptions that would tend to imply a weakness in the parole system.

At the same time, however, DiSalle said the parole commission should review convicts' cases periodically rather than extending their prison stay a decade or more without review.

He noted there was some difference of opinion among state officials about periodic review and also on the length of parole supervision after an inmate's release from prison.

Commission members and correction chief Maury Koblenz agreed that those differences could be ironed out.

Koblenz urged increasing what he said was the state's inadequate parole staff by at least 40 workers.

Soviets Get Ready To Flood North Europe with Cheap Oil

STOCKHOLM, Sweden (AP)—The Soviets are getting set with thousands of miles of pipelines to flood the north European market with low-priced crude oil.

Scandinavian sources said today the oil will flow from areas as far away as Baku on the Caspian Sea.

A Finnish trade delegation headed by Trade Minister Ahti Karjalainen which returned to Helsinki from Moscow this week confirmed that the Soviets have completed a huge transcontinental network to link the Caspian and Black seas with the Baltic.

The Finns were offered Soviet oil "at a very favorable price," a spokesman said. The exact price was not disclosed.

Soviet technicians are putting the finishing touches on a modern port for tankers at Klaipeda (prewar Memel), in Lithuania. It is expected to be put into operation for small tankers this spring.

Another oil port is planned at Ventspils (Windau), on the Latvian coast of the Baltic.

A usually reliable informant versed in east European affairs said the harbors of both towns are shallow, but the Russians plan dredging to accommodate trans-oceanic tankers.

Soviet oil sold to north Europeans in the past has had to come from the Black Sea by tankers on month-long trips via the Mediterranean, Atlantic and English Channel.

Swedish experts take the Soviet bid as a first sign of an all-out sales drive in northern Europe.

They say the Caucasian crude which the Soviets offer to sell from ports a one day voyage from Stockholm and Copenhagen presently only is fit for heating purposes.

But the Soviets are building a refinery at Ventspils and they are expected to turn out gasoline there suitable for the Western market.

Swedish informants also have reported the rapid development of a large pipeline system for natural gas in the Soviet Union and its satellites.

The Soviets told Sweden at trade negotiations in Moscow some time ago they will be able to offer Sweden Ukrainian natural gas through plastic pipelines under the Baltic Sea in a few years.

SCHOOL CHILDREN could hardly wait to finish classes yesterday to get out into the fresh air, only to have their moments of joy rained out today.

After one of the worst winters in the county's history, residents eagerly are awaiting true and lasting spring weather.

Presently the county is behind the average monthly rainfall by 0.97 of an inch, but still ahead on the yearly precipitation by 0.52 of an inch.

In the past week the area has had temperatures in the 60's four times, but also has seen them dip to 17 above on Tuesday.

2 Crestline Business Buildings Lost in Fire

CRESTLINE, Ohio (AP)—Two downtown business stores in this Crawford County village were burned out by fire Friday night.

They were the Ben Franklin Five and Dime Store and the Beaver Dry Goods Store, both located within two-story brick buildings.

No one was reported injured. W. E. Cairns, a member of Crestline's volunteer fire department, said the two buildings apparently are a total loss.

A damage estimate was not immediately available.

St. Joseph's Eighth Grader Wins Medical Essay Contest

Martha Susa, 14-year-old daughter of Mr. and Mrs. Frank Susa, 472 E. Main St., has been named winner of the essay contest sponsored by the Pickaway County Medical Society.

She is the winner of a \$25 bond. Her essay will be entered in the state contest conducted by the Ohio State Medical Assn. She's an eighth grade student at St. Joseph's School.

The contestants were to write essays dealing with the American Free enterprise system. Here is the winning entry:

THE ADVANTAGES OF THE AMERICAN FREE ENTERPRISE SYSTEM

"I can recall what an effect it had on me when I first read that everything was put into a common store house and equally divided among the colonists. There was a feeling of alarm as I thought of the injustices to the hard working when the indolent shared equally in the fruits of those who labored. How glad we were to read that Governor Bradford saw the error of that plan and wisely let each man enjoy the fruits of his own labor. The wisdom of his decision has been proved in hundreds of ways down through the decades.

"What is the spark in this system that continues to make this decision work? It surely must stem from God's gift of Free Will. The country was founded on Christian principles which recognize man's free will as a God-given right and as a Christian nation we have tried to incorporate this right into our way of life.

"There would be some who picture a Utopia with the introduction of other systems. I ask myself,

Students Chalk Up Another Record For People-Packing

MODESTO, Calif. (AP)—Thirty-two slightly built students crammed themselves into a telephone booth on Modesto Junior College campus Friday and laid claim to new silly season record.

The people-packing mark was set even as 20 itty bitty sophomores at St. Mary's College at Moraga, Calif., were boasting about their sardine act in a regulation booth, 32 by 32 by 84 inches.

That was the size of the booth used on the Modesto campus, but there was one difference. Here the booth was horizontal and it didn't contain a telephone.

Rod Underwood, one of the students who was in the middle of the pack, emerged looking slightly like a well-preserved sardine and commented: "I feel like a sardine, one on the bottom of the can."

The quaint season opened two weeks ago when 15 students at England's Cambridge University wedged themselves into a 'phone booth.

MARTHA SUSA

"Would I work feverishly in school to achieve scholastic honors, and then have to share that honor with one who ridiculed my effort and did nothing? Would I feel proud to be a recipient of an honor that belonged to someone else? God did not create man so insensitive.

"Many youths working on 'Junior Achievement' programs or as newsboys have first hand experience in the advantages of Free Enterprise. Their gains are in proportion to their efforts. It would be hard to convince any of them that their less ambitious friends should receive an equal share of those gains. Yet such is the system proposed by other groups. They hold it up as ideal but have other thoughts held in reservation.

"We are a sports loving people. And who could cheer for a winner if there were no opportunity for one to be a winner? If all were to share equally in the prize, why go through the motion? Three cheers for our system of free enterprise which permits a winner, which encourages a winner, and which produces a winner.

Do Not Miss Easter Series

For a moving experience in religious reading, be sure to watch for "Epistles from a Roman"—a fascinating Easter series starting Monday in The Herald.

Tom Henshaw, religion writer for the Associated Press, has pictured the classic scenes of the Easter story through the words of a Roman soldier stationed in Jerusalem and caught up by Christ's powerful appeal. Letters to his father trace the soldier's gradual change from mocking disbelief to devoted admiration.

Divergencies of view about offering Khrushchev a summer summit conference were reported to have emerged during Friday's opening round of discussions.

Eisenhower, as he said in a broadcast speech Monday night, is prepared to go to a summit conference if developments justify it. This means that he wants from the foreign ministers meeting some progress toward resolution of the Berlin crisis. Macmillan reportedly believes that a summit meeting must be held regardless of what the foreign ministers do, and he wants the new notes to Moscow to fix a definite time for a top-level meeting.

WASHINGTON (AP)—Vice Adm. Hyman G. Rickover, the Navy's blunt talking atomic specialist, is asking Congress for protection from Pentagon committees.

"I appeal to Congress to end this ridiculous situation," the non-conformist admiral told a House Operations subcommittee Friday.

Rickover was speaking of the Defense Department and its relations with his unit of atomic planners, the group largely responsible for the first atomic submarine and civilian power plant.

He said numerous committees and panels set up to oversee his operations not only hurt morale but "our people have no time to do their work for fighting our committees."

His group, Rickover said, is not one where officers and civilians sit at adjoining desks duplicating each other's work.

"We have civilians working for officers, we have officers working for civilians. We have lieutenant commanders working for ensigns. Whoever does the job best gets the job."

Allied Chiefs Also Ponder Berlin Strategy

British Boss Feels Khrushchev Powwow To Be Necessity

GETTYSBURG, Pa., (AP)—President Eisenhower and British Prime Minister Harold Macmillan today were reported seeking a compromise route toward a summit meeting with Soviet Premier Nikita Khrushchev next summer.

Moving into the second day of their Camp David conference, the Allied leaders also were expected to discuss military arrangements in support of their determination to maintain the Western position in Berlin despite Soviet pressures.

Dep. Secretary of Defense Donald A. Quarles was summoned from Washington to participate in the Berlin crisis talks. Also asked to the Catoctin Mountain conference room were John A. McCone, chairman of the Atomic Energy Commission, and presidential science adviser James R. Killian.

On the British side Macmillan asked Con O'Neil, assistant secretary in the London Foreign Office, and Sir Patrick Dean, Foreign Office deputy undersecretary for defense matters, to come from Washington.

Ailing Secretary of State John Foster Dulles is represented at the conference by acting Secretary Christian A. Herter, Macmillan's chief adviser is Foreign Secretary Selwyn Lloyd.

Aside from Berlin and German problems, it was evident that Eisenhower and Macmillan were planning to discuss the deadlock negotiations with the Soviet Union on a nuclear test ban. This is among the issues on which the two do not see eye-to-eye.

Macmillan suggested to Khrushchev a month ago in Moscow some new ideas on a test ban. The ideas have not been officially disclosed, but Eisenhower told a recent news conference he was not convinced they were practical.

Divergencies of view about offering Khrushchev a summer summit conference were reported to have emerged during Friday's opening round of discussions.

Eisenhower, as he said in a broadcast speech Monday night, is prepared to go to a summit conference if developments justify it. This means that he wants from the foreign ministers meeting some progress toward resolution of the Berlin crisis. Macmillan reportedly believes that a summit meeting must be held regardless of what the foreign ministers do, and he wants the new notes to Moscow to fix a definite time for a top-level meeting.

Anti-Red Fighting Rages in Tibet

NEW DELHI, India (AP)—Fighting is raging in Lhasa, capital of Communist-held Tibet, the Indian Foreign Ministry reported today.

A terse midnight radio report from the Indian representative in "The Roof of the World" said: "Fighting in immediate vicinity of consulate. Situation tense and rising."

This was all that was received here suggesting the possibility that the radio — only free world link with Tibet — may have been cut off.

The Indian consulate is just outside Lhasa between the Dalai Lama's summer and winter palaces, which are only two miles apart.

The uprising was sparked, according to the Indian press, by an order to the 25-year-old god-king from the Red Chinese command in the capital telling him to report at once without bodyguards.

The whereabouts of the Dalai Lama, who is worshipped by the 1,300,000 Tibetans as their religious and political leader, was not known.

There was speculation in Indian newspapers that the captive ruler may have been kidnapped by the Communists or fled from his great Potala palace under protection of friends.

New Delhi authorities reportedly asked the Red Chinese Embassy here to take any steps necessary to protect the Indian consulate in Lhasa.

The Red Chinese here declined

to comment on the reports of the fighting.

The Indian Foreign Ministry's confirmation of open fighting in Lhasa is significant. Careful not to antagonize Red China, Prime Minister Nehru has tended to discount reports of unrest and revolt in Tibet.

These reports of trouble in the mysterious land in the Himalayas have been growing since last summer when Khampa tribesmen of eastern Tibet slipped out of Lhasa to launch a guerrilla campaign against the Chinese Communists from mountain strongholds just south and east of the capital.

'Mysterious Objects' Found To Be Bombers

WASHINGTON (AP)—Mysterious lighted objects recently reported by a commercial airliner were identified by three jet bombers refueling in the air, the Air Force says.

The pilot of an American Airlines plane and several passengers said they saw the lights over Pennsylvania on the night of last Feb. 24.

The Air Force said Friday it had been determined the lights were from B-47 bombers that were being refueled by a KC-97 tanker in an operation that lasted more than an hour.

Ohio Catholics Call For High Minimum Wage, FEP Bill

COLUMBUS, Ohio (AP) — The Ohio Legislature has been called upon by the Ohio Catholic Welfare Conference to enact a higher state minimum wage, remove the ceiling on aid-to-family payments and pass a fair employment practices bill.

Among several resolutions which the conference adopted before ending its two-day session here Friday, more than 100 clergy and lay delegates attended the OCWC's biennial meeting, along with Ohio's 10 Catholic bishops.

Other resolutions called upon the Legislature to:

Study the migrant labor problem; create an alcoholism advisory board in the Department of Health; make 16 years old the minimum age for obtaining scooter operator's licenses; and modernize the unemployment compensation law by increasing both the amount of benefits and the benefit period, and easing restrictions in general.

Chester Happy On 'Gunsmoke'

Matt Dillon's Helper Gets Bang from Role

HOLLYWOOD (AP) — About Dennis Weaver, who plays Chester on "Gunsmoke":

No, he does not have a real limp; he was a track star at the University of Oklahoma.

Yes, he was born in Joplin, Mo., but he doesn't speak with Chester's twang in real life; he has been a Broadway actor and his diction is dandy.

Now that those oft-asked questions are out of the way, we can get down to business. And Weaver's business is good, thank you. He is one TV western actor who is happy with his lot.

"Gunsmoke" has been good for me, both in a financial and a career way," he said cheerfully. "I've been able to make some investments; I'm in on a hotel project in Palm Springs and plan to build a bowling alley.

"Besides doing the show, I've been able to make personals at county and state fairs, rodeos, etc. I'm recording a couple of tunes for Fess Parker's new record company. I'm not worried about being typed as Chester. During my vacations from 'Gunsmoke,' I've been able to do entirely different roles on Playhouse 90 and in 'Touch of Evil' with Orson Welles."

He is so pleased with the show that he signed a new deal with the producers. He is set for two more years as Chester.

Weaver's happy feeling toward the show is unusual when you consider his introduction to it. He thought he was going to play Matt Dillon.

"That was the kind of role I had always played," he said. "I was kind of disappointed when they asked me to do Chester in stead. But the show seemed to have so much promise that I took it. I figured it was better to be second banana in a hit series than to star in a second-rate Western."

Chemist Says Students Just 'Too Young'

REDLANDS, Calif. (AP) — "I guess I understand, now, that we were just too young."

The survivor was speaking — one of two intellectually inclined 18-year-olds who secretly probed the hidden depths of their minds with powerful sedatives.

"This was not done for kicks or for a binge. We honestly intended to publish the results of our studies."

Thus did David Dunning explain three months of research and testing which ended Tuesday with the death of Michael Hawks, his fellow student at the University of Redlands.

Officials concluded Friday night that Hawks, a chemistry major, died accidentally while seeking the colored dreams of hypnotic sleep. He died of chloral hydrate intoxication.

Chloral hydrate is a hypnotic and a sedative. Like other hypnotics, it produces dreams. Weird, startling hallucinations ranging from the dead youth had written, "From simple geometric objects to indescribable beauty."

The chemistry major and psychology sophomore pooled their talents in December.

They had always worked together. But Dunning was not in on Hawks' last vision.

Sanity Hearing Is Last Hope For Doomed Mother-in-Law

VENTURA, Calif. (AP) — A sanity hearing next Tuesday holds Elizabeth Duncan's last hope of escaping sentence to the gas chamber for plotting the murder of her daughter-in-law.

A jury, which earlier had convicted her of first-degree murder in offering two men \$6,000 to kill Olga Kupczyk Duncan, 30, a Canadian nurse, decreed Friday night that she must pay with her own life.

Prosecution and defense agreed to permit trial Judge Charles Blackstock to rule, without a jury, on Mrs. Duncan's sanity, since her plea of innocent by reason of insanity is still pending. Two court-appointed psychiatrists have testified they consider her legally sane.

If the court also holds the 54-year-old, oft-married Mrs. Duncan to be sane, a date will be set for the sentencing, but the jury's determination for the death penalty is mandatory. She would be confined in the County Jail to await her automatic appeal to the State Supreme Court.

Mrs. Duncan showed little or no emotion at the jury's verdict out, she later told reporters: "I thought it was a rotten deal. I was tried before a biased jury."

Mrs. Duncan's son, Frank, 30, also an attorney, told reporters: "The appeal will not fail. There is no question that there was political ambition on the part of the district attorney (Roy Gustafson). He intends to climb to some higher position over the body of my mother."

Olga Duncan was kidnapped from her Santa Barbara apartment last Nov. 17 and strangled. The prosecution charged that the elder Mrs. Duncan was jealous of Olga and wanted her son all to herself.

Two laborers, Luis Moya and Augustine Baldonado, have admitted the actual slaying. They are awaiting trial on pleas of innocent by reason of insanity.

Hasty Retreat
COLUMBUS, Ohio (AP) — Nathaniel Robinson, 25, had nothing but thanks for the two men who approached him on the street, told him he had dropped his wallet and returned it to him.

After the two men made a hasty retreat, Robinson looked inside his wallet and changed his opinion of them—\$49 was missing from the wallet.

Muskies Slated for Stocking At Hargus Memorial Lake

Local fishermen received an added incentive today when it was announced that 584 muskellunge are scheduled to be stocked in Hargus Creek Memorial Lake here.

Ray Reithmiller, fish management supervisor for Wildlife District No. 5 said the muskies tentatively are slated to be released here about October 1. It will mark the first stocking of the famous American game fish here.

Reithmiller said the fish will be fingerling size, about seven to eight inches. He said indications are that the muskies should thrive in the local lake.

The prize game fish will come from the Kincaid Fish Farm in Pike County. Periodic checks will be made on survival and reproduction, with a favorable outcome meaning that more muskies may be stocked here in the future.

THE WORD muskellunge usually causes the hearts of true-blue fishermen to jump a beat. The popular fish, noted for its ferocity and ability to trick anglers, always is the prime quest for fishermen who play the larger bodies of water.

Reithmiller said test nettings are planned for Hargus Memorial to determine growth and content of fish already stocked in the lake. He said the tests probably will be made in May and October.

The fish management supervisor also noted that an undetermined number of small bullheads may be stocked in the canal here. These fish will come from Rocky Fork Lake, he said.

Ohio Catholics Call For High Minimum Wage, FEP Bill

COLUMBUS, Ohio (AP) — The Ohio legislature has been called upon by the Ohio Catholic Welfare Conference to enact a higher state minimum wage, remove the ceiling on aid-to-the-aged payments and pass a fair employment practices bill.

There were among several resolutions which the conference adopted before ending its two-day session here Friday. More than 100 clergy and lay delegates attended the OGCW's biennial meeting, along with Ohio's 10 Catholic bishops.

Other resolutions called upon the Legislature to:

Study the migrant labor problem; create an alcoholism advisory board in the Department of Health; make 16 years old the minimum age for obtaining scooter operator's licenses; and modernize the unemployment compensation law by increasing both the amount of benefits and the benefit period, and easing restrictions in general.

Chester Happy On 'Gunsmoke'

Matt Dillon's Helper Gets Bang from Role

HOLLYWOOD (AP) — About Dennis Weaver, who plays Chester on "Gunsmoke" —

No, he does not have a real limp; he was a track star at the University of Oklahoma.

Yes, he was born in Joplin, Mo., but he doesn't speak with Chester's twang in real life; he has been a Broadway actor and his diction is dandy.

Now that those oft-asked questions are out of the way, we can get down to business. And Weaver's business is good, thank you. He is one TV western actor who is happy with his lot.

"Gunsmoke" has been good for me, both in a financial and a career way," he said cheerfully. "I've been able to make some investments; I'm in on a hotel project in Palm Springs and plan to build a bowling alley."

"Besides doing the show, I've been able to make personal at county and state fairs, rodeos, etc. I'm recording a couple of tunes for Fess Parker's new record company. I'm not worried about being typed as Chester. During my vacations from 'Gunsmoke,' I've been able to do entirely different roles on Playhouse 90 and in 'Touch of Evil' with Orson Welles."

He is so pleased with the show that he signed a new deal with the producers. He is set for two more years as Chester.

Weaver's happy feeling toward the show is unusual when you consider his introduction to it. He thought he was going to play Matt Dillon.

"That was the kind of role I had always played," he said. "I was kind of disappointed when they asked me to do Chester in stead. But the show seemed to have so much promise that I took it. I figured it was better to be second banana in a hit series than to star in a second-rate Western."

Chemist Says Students Just 'Too Young'

REDLANDS, Calif. (AP) — "I guess I understand now, that we were just too young."

The survivor was speaking — one of two intellectually inclined 18-year-olds who secretly probed the hidden depths of their minds with powerful sedatives.

"This was not done for kicks or for a binge. We honestly intended to publish the results of our studies."

Thus did David Dunning explain three months of research and testing which ended Tuesday with the death of Michael Hawks, his fellow student at the University of Redlands.

Officials concluded Friday night that Hawks, a chemistry major, died accidentally while seeking the colored dreams of hypnotic sleep. He died of chloral hydrate intoxication.

Chloral hydrate is a hypnotic and a sedative. Like other hypnotics, it produces dreams. Weird, startling hallucinations ranging from the dead youth had written, "From simple geometric objects to indescribable beauty."

The chemistry major and psychology sophomore pooled their talents in December.

They had always worked together. But Dunning was not in on Hawks' last vision.

Sanity Hearing Is Last Hope For Doomed Mother-in-Law

VENTURA, Calif. (AP) — A sanity hearing next Tuesday holds Elizabeth Duncan's last hope of escaping sentence to the gas chamber for plotting the murder of her daughter-in-law.

A jury, which earlier had convicted her of first-degree murder in offering two men \$6,000 to kill Olga Kupczyk Duncan, 36, a Canadian nurse, decreed Friday night that she must pay with her own life.

Prosecution and defense agreed to permit trial judge Charles Blackstock to rule, without a jury, on Mrs. Duncan's sanity, since her plea of innocent by reason of insanity is still pending. Two court-appointed psychiatrists have testified they consider her legally sane.

If the court also holds the 54-year-old, oft-married Mrs. Duncan to be sane, a date will be set for the sentencing, but the jury's determination for the death penalty is mandatory. She would be con-

finied in the County Jail to await her automatic appeal to the State Supreme Court.

Mrs. Duncan showed little or no emotion at the jury's verdict out, she later told reporters: "I thought it was a rotten deal; I was tried before a biased jury."

Mrs. Duncan's son, Frank, 30, also an attorney, told reporters: "The appeal will not fail. There is no question that there was political ambition on the part of the district attorney (Roy Gustafson). He intends to climb to some higher position over the body of my mother."

Olga Duncan was kidnaped from her Santa Barbara apartment last Nov. 17 and strangled. The prosecution charged that the elder Mrs. Duncan was jealous of Olga and wanted her son all to herself.

Two laborers, Luis Moya and Augustine Baldonado, have admitted the actual slaying. They are awaiting trial on pleas of innocent by reason of insanity.

Federal Aid To Watershed Project OKd

COLUMBUS, Ohio (AP) — The first federal aid program for a watershed project in Ohio has been approved and will get an estimated \$700,000 in funds, Raymond S. Brown, state conservationist for the U.S. Soil Conservancy Service said Friday.

The project, on the upper Wabash watershed in Darke and Mercer counties, calls for three dams to hold back flood waters and about 30 miles of channel improvement. Individual farm conservation practices are also encouraged under the project.

Contract probably will be let in the spring of 1960, Brown said. The district, formed last year, is expected to lead efforts for an additional \$732,000.

About 148 projects of this type have been authorized over the nation but this is the first in Ohio, Brown commented.

Also being considered for help are Marsh Run in Huron, Richland and Crawford counties; Rush Hocking; Dicks Creek in Warren and Butler, and Chippewa in Wayne and Medina.

Muskies Slated for Stocking At Hargus Memorial Lake

Local fishermen received an added incentive today when it was announced that 384 muskellunge are scheduled to be stocked in Hargus Creek Memorial Lake here.

Ray Reithmiller, fish management supervisor for Wildlife District No. 5 said the muskies tentatively are slated to be released here about October 1. It will mark the first stocking of the famous American game fish here.

Reithmiller said the fish will be fingerling size, about seven to eight inches. He said indications are that the muskies should thrive in the local lake.

The prize game fish will come from the Kincaid Fish Farm in Pike County. Periodic checks will be made on survival and reproduction, with a favorable outcome meaning that more muskies may be stocked here in the future.

THE WORD muskellunge usually causes the hearts of true-blue fishermen to jump a beat. The

popular fish, noted for its ferocity and ability to trick anglers, always is the prime quest for fishermen who play the larger bodies of water.

Reithmiller said test nettings are planned for Hargus Memorial to determine growth and content of fish already stocked in the lake. He said the tests probably will be made in May and October.

The fish management supervisor also noted that an undetermined number of small bullheads may be stocked in the canal here. These fish will come from Rocky Fork Lake, he said.

Man Buys Radio Time for 'Silence'

RIPLEY, Tenn. (AP)—A business man who doesn't like rock 'n roll music bought 15 minutes of radio time Thursday and devoted almost all of it to silence. James W. Porter began his quarter-hour on Station WTRB by shattering several records and then proposing a "National Can the Racket League." Announced Porter:

"Friends, are you tense, nervous, jittery? Chances are you are overturned. You may have tried other stations without success, but now we offer you an amazing new discovery—instant silence."

Thirteen minutes of silence followed except for two breaks to

reassure listeners their radios didn't need repair. John Stewart, WTRB manager, said telephone callers were 100 per cent against the silence.

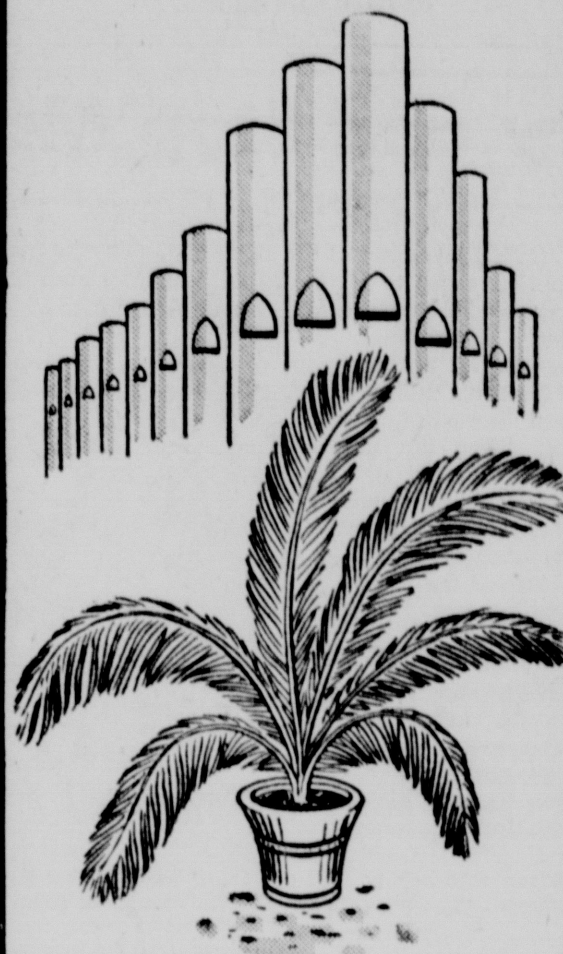

13 Beekeepers Cited By State Ag Agency

CANTON, Ohio (AP)—Thirteen beekeepers are in trouble with authorities. Affidavits signed by W. P. Smith of the Ohio Department Thursday that the beekeepers failed to register under a state law aimed at preventing disease among bees. Seven cases were filed in Canton Municipal Court, five were filed in Alliance and one in Massillon.

Cleveland Milk Aides Schedule Strike Vote

CLEVELAND (AP)—A strike vote will be taken Monday by milk plant workers who rejected an eight-cent-an-hour wage increase offered by Cleveland area milk companies. The 800 plant workers, who are demanding 12½ cents an hour, are members of Teamsters Local 336. Two other units of the local, the 1,800 retail and wholesale drivers, agreed to company proposals. Plant workers say their average annual income is \$5,500 compared with \$8,000 for wholesale drivers and \$6,500 for retail drivers.

Sunday is a Special Day

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

There will be a Service of Morning Prayer at 10 a. m. The Junior and Senior choirs will sing. Hymns to be used include "All Glory, Laud and Honor," "Lord Christ, When First Thou Cam'st to Men," and "Ride on, Ride on in Majesty." "The Palms" by Faure will be sung at the Offertory.

L. E. Goeller, Jr., will be lay-

reader for the service. He will read the First Lesson and lead the congregation in the responsive reading of the Psalm for the Day. Acolytes serving will be Douglas Thompson, Mike Melson, Mike O'Donnell, Robert McClarren, with Chip Harrod in charge.

All children of the Church School over the age of three will attend the Morning Prayer Service with their parents. Then, at the Sermon Hymn, they and their teachers will go to the Parish House for their classes. Following the 10 a. m. Service, there will be a coffee hour at the Rectory, 127 W. Mound St. with the Altar Guild in charge.

Man Buys Radio Time for 'Silence'

RIPLEY, Tenn. (AP)—A business man who doesn't like rock 'n roll music bought 15 minutes of radio time Thursday and devoted almost all of it to silence.

James W. Porter began his quarter-hour on Station WTRB by shattering several records and then proposing a "National Can the Racket League." Announced Porter:

"Friends, are you tense, nervous, jittery? Chances are you are overturned. You may have tried other stations without success, but now we offer you an amazing new discovery—instant silence."

Thirteen minutes of silence followed except for two breaks to

reassure listeners their radios didn't need repair.

John Stewart, WTRB manager, said telephone callers were 100 per cent against the silence.

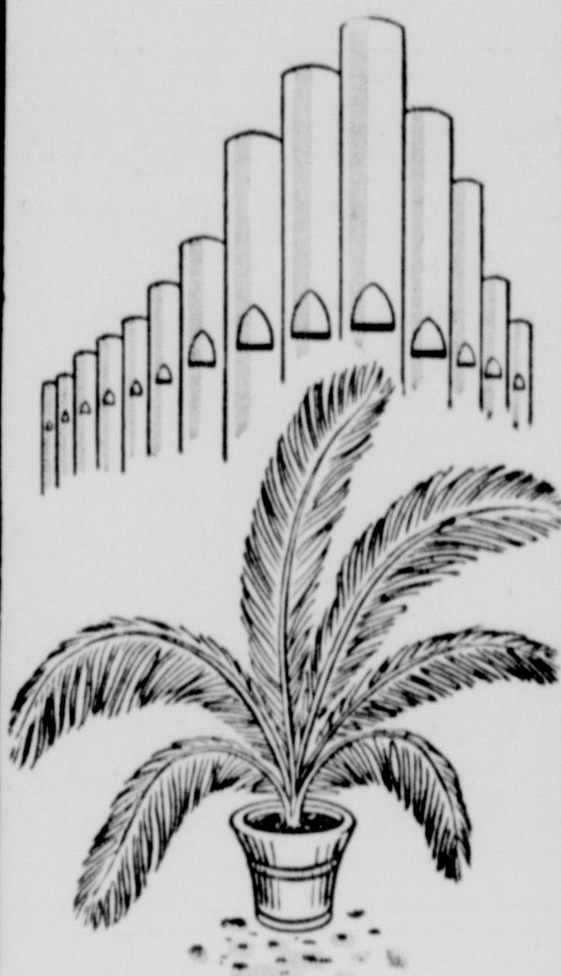

13 Beekeepers Cited By State Ag Agency

CANTON, Ohio (AP)—Thirteen beekeepers are in trouble with authorities. Affidavits signed by W. P. Smith of the Ohio Department of Agriculture Thursday that the beekeepers failed to register under a state law aimed at preventing disease among bees. Seven cases were filed in Canton Municipal Court, five were filed in Alliance and one in Massillon.

Cleveland Milk Aides Schedule Strike Vote

CLEVELAND (AP) — A strike vote will be taken Monday by milk plant workers who rejected an eight-cent-an-hour wage increase offered by Cleveland area milk companies. The 800 plant workers, who are demanding 12½ cents an hour, are members of Teamsters Local 336. Two other units of the local, the 1,800 retail and wholesale drivers, agreed to company proposals. Plant workers say their average annual income is \$5,500 compared with \$8,000 for wholesale drivers and \$6,500 for retail drivers.

Sunday is a Special Day

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Luke	19	28-44
Monday	John	18	1-14
Tuesday	John	18	15-27
Wednesday	John	18	28-40
Thursday	John	19	1-16
Friday	John	19	17-30
Saturday	John	19	31-42

Sunday is a special day for Sheila. She likes to go to church.

For one thing, the church is beautiful. Sheila likes to look at the soft light filtering through the colored glass windows. She likes the delicate scent of the beautiful flowers, and the majestic tones of the organ. She likes to sing, too, and she knows several hymns "all the way through," even without the hymnal to guide her.

She particularly likes this season because she knows that Palm Sunday is a time for special rejoicing in the Church.

Sheila feels the way she does because her parents have taught her that going to church is a privilege and a joy. Is Sunday just another day for your child, or is it—as it is for Sheila—a special day?

Try and Stop Me

By BENNETT CERF

DAVID NIVEN loves to tell the story of the day he made his triumphant return to his exclusive Pall Mall club in London after years of starring in Hollywood. A member who could have played Colonel Blimp without a bit of makeup looked up from his military gazette and humphed, "I say, Niven. They tell me you're about to leave us." "On the contrary, sir," said Niven. "I'm just back. I've been in America." "Extraordinary," mused the member. "Never knew we had a base there." "But we do!" countered Niven. "It's called Fort Goldwyn and I was confined to barracks there for 15 solid years." "Outrageous," grunted the member, turning back to his gazette. "You must lodge a formal protest with the rules committee!"

Bishop Sheen says he's noticed one thing all television contracts have in common: "The big print giveth and the small print taketh away."

Mothers-To-Be Need Care

By Herman N. Bundesen, M.D.

A tooth is lost for each child born.

That story has been going around for a long, long time. But don't you believe it!

I think this legend probably can be traced back to the days when it was erroneously believed that it was harmful for an expectant mother to have any dental work done.

Naturally, this meant that the teeth of a mother-to-be were neglected for nine months or so. Quite often this was long enough to permit at least one tooth to become decayed and lost.

In reality, not only is it safe to go to a dentist during pregnancy but also definitely advisable to do so.

Unfortunately, many uninformed persons still believe that an expectant mother's saliva contains an unusually high amount of acid. They still think that pregnancy drains calcium from the teeth.

Let me make this as definite as I can—neither of these beliefs is true.

Extensive clinical studies—reliable studies—clearly indicate that the average rate of dental decay during pregnancy is no different than at any other time of life.

However, in some cases, dental decay does increase during pregnancy.

When this occurs, don't blame the expected baby. Blame the increased consumption of sweets, poor mouth hygiene and failure to have regular dental examinations.

Expectant mothers, especially, should follow the advice I have been passing along for years—brush your teeth after each meal. Twice a day is not enough protection.

Moreover, mothers-to-be should see their dentist every three or four months.

Any tooth that is badly infected can be carefully removed during the period of pregnancy. It might be advisable, however, to check with your doctor about it first. And by all means let your dentist know that you are pregnant before he pulls the tooth.

It is just common sense to remove a bad tooth as soon as possible and get rid of the infection. And don't worry—pulling a tooth won't harm the baby.

QUESTION AND ANSWER

Mrs. E.: What causes neuralgia of the head and could you suggest a remedy for it?

Answer: Neuralgia of the head may be due to a nerve condition or sinus, dental or throat trouble. An examination by a physician is necessary to determine the cause, before treatment can be prescribed.

State May Quit 'Capital' in Athens

COLUMBUS, Ohio (AP)—Adj. Gen. Loren G. Windom said today Civil Defense officials are considering a return to Ohio Wesleyan University at Delaware as the evacuation center for state officials in event of enemy attack.

Ohio's Civil Defense head made the report at Gov. Michael V. DiSalle's weekly cabinet meeting.

The alternate seat of state government was shifted last year from the Delaware school to Ohio University at Athens. This year's evacuation exercise is slated for next month.

Windom said the trip to Athens took longer—than roads, communications and other facilities were better north of Columbus.

Youth's Appearance Is Very Suspicious

TOLEDO, Ohio (AP)—Eighteen-year-old Richard Saunders was arrested Thursday night under Toledo's suspicious person ordinance. From the police report, it seems an apt choice of charges.

Saunders was wearing rubber gloves, had a red face mask in his pocket and a pistol fell from his pants leg when he stooped over to untie his boots, the report said.

The World Today

By James Marlow

WASHINGTON (AP)—History may show President Eisenhower's greatest contribution to the presidency was his restraint in time of danger and critical stress. Apparently, it has just paid off again.

In a week's time there has been a definite relaxing of tension over Berlin.

Eisenhower has shown restraint a number of times when, through emotionalism or aggressiveness, he could have precipitated unpredictable events, including war.

When the British, French and Israelis invaded Egypt in 1956—and the Soviet Union threatened retaliation that would have meant world war—Eisenhower cracked down on the Allies to stop and get out. They did.

The Red Chinese—bent on destroying Chiang Kai-shek's Nationalist Chinese on Formosa—at various times have bombarded the offshore islands of Quemoy and Matsu.

Eisenhower could have resorted to extreme steps.

He could have ordered American planes to bombard the Chinese mainland.

This would have been a good bet to bring on a war with Red China's ally, the U.S.S.R. Instead, Eisenhower used less drastic means to bolster the defense of the islands and sweat out the Red attacks until the Communists quieted down.

The same was true in Indochina when North Viet Nam was falling to rebel forces of Communist Ho Chi-minh and the French colonial masters of Indochina were disintegrating.

Eisenhower could have sent in American planes to bail out the French and smash the Communists. This could have meant war with Red China. Eisenhower didn't.

True, half of Viet Nam was lost

Windsors Lost On U.S. Desert

LAS VEGAS, Nev. (AP)—The Duke and Duchess of Windsor, driving from Boulder City to Las Vegas, lost their way and were rescued by a sheriff's deputy.

The duke flagged down a sheriff's car and this conversation ensued:

"I say, officer, could you direct me to the right road to Las Vegas?"

"Sure. Say, you're the Duke of Windsor, aren't you?"

"Well, yes, I am. You see the duchess and I were en route to the Desert Inn and we're not certain of the road."

"That's all right, sir; just follow me."

They followed the officer's car 20 miles to the hotel entrance and were greeted by applause from a gathering of 150 in the lobby.

And he poked hard at Khrushchev, who kept insisting on a summit conference to settle things, that such a conference was useless until the Soviet leader began showing more signs of willingness to negotiate.

Whether or not Khrushchev took this as a real nudge, only he knows. But at least in recent weeks he has talked less belligerently, put more stress on the value of negotiations, and repeatedly said he wasn't setting a deadline or laying down an ultimatum.

Then last Monday night, as if responding to increasing reasonableness from Khrushchev, Eisenhower in his nationwide broadcast carefully avoided any sign of belligerency or irritation.

He went further than he ever had before, although laying down some conditions, in suggesting not only that a summit conference was possible but that it could be held this summer.

Thursday Khrushchev called a giant news conference. He too sounded reasonable and praised Eisenhower for his reasonableness.

7-Stage Moon Rocket Planned

PASADENA, Calif. (AP)—A space scientist says a seven-stage rocket to take man to the moon within the next four years is in the planning stages.

The rocket, called Nova, was described at a conference here Thursday by Dr. Abe Silverstein, director of space flight development for the National Aeronautics and Space Administration.

Silverstein said the first three stages will be 260 feet tall—about equal to a 26-story building. He gave no details of the final four stages.

The first three stages will power the rocket to the moon. It may carry two or three men. A fourth stage will slow the rocket down for landing on the moon, and the other three will return it to earth.

Meaningless Committee Named

President Eisenhower has named Raymond J. Saulner, an economic adviser, to head a cabinet committee inquiry into what the government is doing that affects prices and costs.

"We need to make sure," said the President, "that we are not contributing to the nation's inflationary problems by the way in which we run our own government business."

The inquiry, if objective, will give the President no such assurance. As the biggest employer of people and buyer of goods the government, at federal, state and local levels, is by no means the least offender in the inflationary area.

In its operations the government often pays more for goods and services than necessary. Taxes, passed on to the consumer, are written heavily into the cost of living. Cheap money policies are a constant inflation threat.

Government policies generally are aimed at raising prices and incomes. There are a multitude of subsidizing supports, not confined to farm crops by any means. Wages are constantly advanced by minimum wage legislation while raising employment costs through payroll taxes.

These factors and others are written into the nation's economic system. Little if anything will be done along the line of taking the government out of the inflation business so long as high taxes to support high budgets are demanded. By letting the wage-price structure slip, the government soon would be up against it to collect the revenues to meet its spending ideas.

This inquiry will be made, but it would require a sharp reversal of current policies for it to mean anything.

TV Option Time Illegal

The question whether television networks operate in violation of the Sherman Anti-Trust Act has long plagued the Federal Communications Commission. The government has now declared that they do.

Oddly, the declaration came not from the FCC, which regulates the networks, but from the Justice Department, which had been asked by the FCC for an opinion.

The Justice Department has decided that the "option time" practice of the networks is illegal. This practice requires affiliated stations to accept on demand up to 12 hours of network programs a day whether the local outlets desire these shows or not. The networks argue that this is the very basis of their structure, and the FCC recently ruled, 4-3, that option time was "reasonably necessary" for successful network operation.

The network practice stems from a desire to guarantee a certain sponsor a certain number of potential viewers for his program. Without this assurance, the networks say, the sponsors will not spend huge sums for shows.

It now remains to be seen which of two governmental agencies will prevail. The Supreme Court already has ruled that an FCC decision in TV matters does not prevent subsequent Justice Department action should it detect any restraint of trade.

Ways To Cut Careers

Dave Beck, who plundered his union, his associates and his country with rigid impartiality, has been sentenced to five years in prison and fined \$60,000 for evading \$240,000 in income taxes.

The pity of it is that the law didn't catch up with the former boss of the International Teamsters Union somewhere between the driver's seat of the laundry wagon, where he started out, and the throne of affluence and influence he occupied at the peak of his career.

Income tax evasion, however, seems to be the only rock on which the so-called big time law evaders ultimately founder. They frequently escape punishment for stealing from their friends, and even killing their enemies. Their ill-gotten gains necessitate defrauding the government, however, and it is there that retribution sets in.

Dave Beck isn't the first thief to fall into the federal trap, nor will he be the last. The kind of wealth he amassed is as difficult to conceal as it is to retain, and concealment, it appears, usually leads to discovery and jail.

It was that way with Dave Beck, but it does seem that there should be ways to cut careers such as his even shorter.

Inflationary Unemployment

At the end of the Depression, the United States had a national income of about \$80,000,000,000; today, we talk about something like \$400,000,000,000. In a hearing before a Senate Committee, the two Senators George Malone, of Nevada, an engineer who could read statistics, and W. Randolph Burgess, Under Secretary of the Treasury:

"Senator Malone: We are very fond of saying that the appropriations we asked for, say, \$12 billion, is only a certain percent of our national income. And at \$100 billion, it would be a less percentage of the national income than maybe a much smaller amount would have been 25 years ago.

"As a matter of fact, when we brag about a \$450 billion income and a continual increase, is not the increase mostly due to the inflation of the currency?"

"Mr. Burgess: Exactly. I think we said that in our report, Senator. That is the trouble with it."

"Senator Malone: In other words, if you reduced a dollar 52 percent on the basis of—is it the 1947 dollar, or what is the basis that you use for that 47.48 percent in 1939?"

"Mr. Burgess: That was 1939. "Senator Malone: Well, on the basis there, that would only be about \$200 billion income; would it not?"

"Mr. Burgess: That is right; just about a little more than that."

"Senator Malone: Could you not cheapen the dollar another 25 cents and double the income?"

"Mr. Burgess: Well, that is the process which has been followed in a great many countries."

In other words, by depreciating the dollar, it is possible to make the national income look mighty big and base taxes on that. That would affect national taxes. It is this fraud which is wrecking the economy of the country, Senator Malone brought it out very clearly in this way:

"Senator Malone: Continued inflation; how much did it increase the last couple of years . . . ?"

"Mr. Burgess: Four percent."

"Senator Malone: . . . Then, we could take that 4 per cent off. If we go 4 percent a year for 24 years again, our annual income would be nearly a trillion dollars with no real increase."

"Mr. Burgess: That is right."

It must be said that Burgess tried to say that despite all this queer economics, we were doing wonderful things such as building roads and school-houses; nevertheless in 1959, we find ourselves with a surprising number of unemployed. The greatest social menace to this country is unemployment.

It can do more harm than war. Government agencies boast of their great achievements, but when the facts show a high unemployment figure, a high tax rate, increased cost of relief and a depreciating currency, our economy is not doing well and the people had better have a look at it.

Labor is outpricing itself, so that smaller business cannot exist. But labor does not outprice itself whimsically. The takehome pay must be a minimum total of household costs plus taxes. The life insurance company pension systems are a peril to our social stability because as a result, firms will not employ those over 40, for whom they have to pay higher rates. In fact, they prefer employees in their 20's to their 30's.

Let us analyze that a moment: the firms seek engineers, preferring M.A.'s to B.A.'s or B.S.'s. That means at least five and a half or six years of university, plus three years of military service, particularly if the fellow was decent enough to join the ROTC. So the young man has spent about nine years getting ready and serving his country and by all averages, he should be about 27 years old when he begins to look for a job.

Business prefers them to be younger. Employment policies seem not to be co-ordinated with what is best national policy. Lots of top-notch brains and training are not being properly employed because of these policies.

Finally, increased imports from abroad of American-financed, government - subsidized, low-taxed, lower-waged goods are beginning to have an unfavorable effect on employment in the United States.

The increase of unemployment cannot be ignored because the man who is out of work does not care about statistics and what gimmick is used to establish that the country is wonderfully well off. The fact is that he is unemployed and his family is worried. Nobody eats statistics.

Child Welfare Department Program for Sorosis Club

Mrs. Melvin A. Yates of the Child Welfare Department, Pickaway County, was guest speaker for the Sorosis Club meeting, Monday night in the Williamsport Parish House. She gave an informative talk on her duties connected with children, who need homes; protection; children, orphaned or in need of care because of broken homes.

She stated that the Board of County Commissioners set up an appropriation for funds for the department and the Board also sets up the policies which govern the placing of the children, either in the Pickaway County Children's Home, with foster parents, in boarding homes, with one or the other parent, or with relatives; or for adoption.

Mrs. William McOmber presided over the business meeting. Under the direction of Mrs. William McOmber, the Girl Scout Troop, presented the flag, and gave the scout pledge; the club members joined them in the pledge of allegiance to the flag and in the singing of the "Star Spangled Banner." Guests present were Mrs. James Sykes, Mrs. Howard Stauffer, Mrs. John Drummond, Mrs. Yates and the Girl Scouts. Mrs.

40th Annual Inspection Held by Kingston Chapter

There were 142 in attendance at the 40th annual inspection of Kingston Chapter No. 411, Order of Eastern Star, which was held in the Masonic Temple on Wednesday evening.

The room was filled to capacity with representatives from all 12 districts and all of the chapters of District 23. Mrs. Clarence Jones and Mrs. Dorah Morris had charge of registration.

Mr. and Mrs. W. S. Rhoades, worthy patron and worthy matron, with their corps of officers, exemplified the initiatory work in a dignified and beautiful way. The deputy grand matron, Mrs. Irene Thornburg, complimented the officers on their proficient work and gave an inspiring address at the close of her report.

The distinguished guests present were: Mrs. Erma Buckle, deputy grand matron of District 28, Lucasville; Mrs. Ruth Harbourn, Chillicothe, who is grand representative of Iowa; Mrs. Faye Hilliard, Bremen, who is grand representative of Scotland.

Also present and introduced were 14 past matrons and six past patrons of Kingston chapter.

The worthy matron wore a corsage made in the shape of a star, containing the five colors of our star. An identical corsage was presented to the deputy. The other officers wore little corsages containing all of the five colors. The floral arrangements used in the room were also of five colors.

The worthy matron used "Light" as her theme and this was carried out in various ways.

Miss Beverly Rhoades, daughter of the worthy patron and matron, sang a solo "Walk with Faith in Your Heart." She also sang at different times during the initiatory work.

A gift of the worthy patron and worthy matron was a new electric sign outside the lodge room, to show the meeting place of the OES.

At the close of the meeting refreshments were served by Mr. and Mrs. W. R. Hohenstein, Mr. and Mrs. C. V. Sommer, Mr. and Mrs. Charles Paul, Mrs. Elizabeth Bennett and Miss Beverly Rhoades.

IOOF Chieftain-Elect Killed in Accident

MANSFIELD, Ohio (AP)—Earl O. Weaver, 40, leader-elect of Ohio's International Order of Odd Fellows, was killed here Thursday when a bulldozer he was driving tipped over and crushed him.

He would have been installed April 28 as grand patriarch of the IOOF's Grand Encampment of Ohio. Funeral services will be here Monday.

Many Machine Guns In Ohio Unregistered

COLUMBUS, Ohio (AP)—There are about 2,000 machine guns here capable of being fired, in the hands of Ohio residents, Adj. Gen. Loren G. Windom reports. He says only four of the guns are registered with his office, as required by state law, and he's undertaking a drive for stricter enforcement. Presumably, many of the weapons are collector's items or war souvenirs brought home by ex-G.I's.

Child Welfare Department Program for Sorosis Club

Mrs. Melvin A. Yates of the Child Welfare Department, Pickaway County, was guest speaker for the Sorosis Club meeting, Monday night in the Williamsport Parish House. She gave an informative talk on her duties connected with children, who need homes; protection; children, orphaned or in need of care because of broken homes.

She stated that the Board of County Commissioners set up an appropriation for funds for the department and the Board also set up the policies which govern the placing of the children, either in the Pickaway County Children's Home, with foster parents, in boarding homes, with one or the other parent, or with relatives; or for adoption.

Mrs. William McOmber presided over the business meeting. Under the direction of Mrs. William Eastwood, the Girl Scout Troop, presented the flag, and gave the scout pledge; the club members joined them in the pledge of allegiance to the flag and in the singing of the "Star Spangled Banner." Guests present were Mrs. James Sykes, Mrs. Howard Stauffer, Mrs. John Drummond, Mrs. Yates and the Girl Scouts. Mrs.

Easter Season Program For Willing Workers Class

The Willing Workers Class of the Pontious EUB Church met in the home of Mrs. Floy Brobst, Route 4, Thursday afternoon.

Mrs. Creation Kraft, president, opened the meeting with the class motto. The group said in unison James 5:16, "Sweet Hour of Prayer" was sung by the group.

Mrs. Creation Kraft read an article entitled "Twelve Things to Give up for Lent." Devotions were given by Mrs. Turney Kraft. She chose for her scripture Luke 23:32-35 and Matthew 28:1-8, followed by two readings from the Upper Room, "Palm Sunday" and "Easter Sunday," ending the reading with prayer.

The class sang "Nearer the Cross," Mrs. Hazel Bowman closed the devotions with prayer.

Several readings were presented during the program. Mrs. Guy Stockman read "Two Pieces of Wood," Mrs. Walter Richards read "Yester-years" and Mrs. Creation Kraft presented "What Will It Mean to You."

During the business meeting the group voted to give a donation to the Crippled Children's Society. Each member is to bring the prize of a dozen eggs to the next meeting. The flower and card committee reported they had sent nine cards during the month of February.

Mrs. Bowman was appointed to assist Mrs. Richards on the information committee.

Mrs. Richards read a Bible story pertaining to the women of the Bible during the social hour.

At the close of the meeting, refreshments were served by the hostess to the nine members present.

Mrs. Harry Betz, Reber Ave., was hostess to the Trailmakers Class of Calvary EUB Church Thursday evening. There were 10 members present.

Mrs. Manley Carothers was in charge of devotions and she built her thoughts around the happenings of Jesus during the last week of His life. She concluded with prayer.

The business meeting was conducted by Mrs. Andrew Goeller and the group voted to share the cost of supplying candles for the sanctuary. Also a rummage sale on April 24 and 25 was scheduled. It was decided the annual Mother-Daughter banquet in May would be held at the Country Club.

During the social hour a gift was awarded to Mrs. Betz.

At the close of the meeting refreshments in keeping with the Easter season were served by the hostess assisted by Mrs. Goeller.

State Interest Earning Rate Climbing Higher

COLUMBUS, Ohio (AP)—Ohio will realize "the greatest amount of money earned on interest on state funds" in recent history through a 70-million-dollar bank deposit of inactive cash, State Treasurer Joseph T. Ferguson reports. At an average interest rate of 2.92 per cent, he said, the funds will return \$4,082,058 in interest in the next biennium.

The nine-acts of Eugene O'Neill's play "The Iceman Cometh" (including a dinner intermission) ran for 426 nights on Broadway.

CHS Baseballers Open on April 3

April 3 has been set as the opening date for Circleville High School's 1959 baseball season.

The CHS nine will get its first taste of diamond war at Chillicothe with the expected strong Cavaliers. The Ross County outfit then comes here for a return match on April 7 to mark the second game of the season for the Tigers.

To date Coach Dick Fisher has scheduled 14 games for his charges. There is a chance that an additional doubleheader will be slated with Logan, possibly on May 16, making a 16-game card for the locals.

This will mark Coach Fisher's first campaign as head baseball coach. Last year he served as an assistant to Dick Boyd who accepted a coaching job at Warren after last season.

CIRCLEVILLE's prime objective will be to hold on to the South Central Ohio League championship it captured last year and retain its perennial role as a favorite in the loop.

An early outlook on available material indicates that Coach Fisher has the forces to be a contender for SCO honors. Several lettermen and some promising newcomers are listed on the roster.

Leading the parade of veterans is pitcher Joe Adkins who turned in a remarkable record last year as a hurler. Practice so far indicates that he has lost none of the steam which made him the league's top pitcher last season.

Additional mound strength will come from Duane Dean, Bob Caudill, Don Rowland and possibly other pitching candidates.

Due to a basketball injury, Rowland may be limited in his early pitching duties.

The infield appears on solid footing, with veteran shortstop Cal Ellis and first sacker Bill Purcell on hand for some fancy glove work. Ray Phifer is a sound third sacker and Rowland can handle second base with the best when not pitching.

Big Harry Strawser is a proven catcher as well as a dependable outfielder. He was one of the Tigers' leading hitters last year.

THE CORPS of outfielders will be led by Jim Woods, an adept fielder and steady hitter. Also available are Dick Greenlee, Jake Bailey and Bob Shadley.

Coach Fisher's squad is rounded out by several promising newcomers who may break into the lineup.

Here is the schedule:

Braves To Miss Mighty Redhead

By JOE REICHLER
Associated Press Sports Writer
BRADENTON, Fla. (AP) — The loss of tubercular victim Red Schoendienst has cut the National League champion Milwaukee Braves down to size.

Manager Fred Haney won't admit it but there is no doubt he is anxious about the second base problem.

Losing Schoendienst is bad enough but the situation has become desperate with the almost certain inavailability of Mel Roach the redhead's understudy.

Roach, who was laid low by a knee injury last August, has been ordered not to take strenuous workouts until April 10—the day the Braves open the National League season.

The Braves are counting on rookie Chuck Cottier, who batted .269 at Atlanta last year but has been compared with the spectacular Bill Mazeroski of the Pittsburgh Pirates as a defensive play er.

"I'm not worried about second base half as much as I am worried about the catching," said Haney.

"I've got three catchers but should something happen to Del Crandall, we'd be in a bad way. Del Rice and Joe Lonnett are all right as second string, but neither can do the job on a regular basis.

"My infield problem isn't as acute as some think. Cottier makes the plays all right. The only question concerns his hitting."

Despite Haney's surface optimism, the second base situation still is up in the air.

The Braves' strength is their pitching, of course. Even Haney acknowledged he has more starters than he can use.

"Then I've got a couple of good looking rookies in Bob Hartman (20-10 at Atlanta) and Gerry Nelson (10-11 at Austin)," he said. "And don't forget Don MacMahon, Humberto Robinson and Bob Trowbridge in the bullpen."

Haney's big seven consists of Warren Spahn (23-11), Lew Burdette (20-10), Bob Rush (10-6), Carleton Willey (9-7), Joey Jay (7-5), Bob Buhl (5-2) and Juan Pizarro (6-4).

Booster Winter Sports Fete Set Tuesday at High School

The Circleville Booster Club will present its annual banquet for winter sports Tuesday with a covered-dish dinner in the high school social rooms. The event is scheduled to start at 6:30 p. m.

The banquet will honor the CHS varsity and reserve basketball teams, the wrestling squad, junior high cage teams and all cheerleaders. All local sports fans, especially parents, are urged to attend.

Ralph Starkey, former grid star at CHS and the University of West Virginia, will serve as master of ceremonies. The program is being planned and arranged by David (Red) Crawford, Booster president.

Persons attending are reminded

to bring a covered dish and complete table service. The Booster Club will provide coffee, cream, ice cream and rolls.

COACHES of the various teams will introduce their players and make appropriate awards. The same schedule of events is slated for the cheerleaders.

Baseball Coach Dick Fisher and track Coach John Current probably will give a rundown on the coming season for their teams. Both squads are slated to start action early next month.

The winter sports banquet is one of two such programs sponsored by the Booster Club each year. The annual football banquet is held in November.

Ashville's Bob Hoover Named To All-Darby Valley Quintet

Bob Hoover, Ashville's classy center, was a unanimous choice for a first team berth on the All-Darby Valley League cage team for this season.

The Broncos, participating in both the Darby Valley League and the Pickaway County 100 p. placed Dick Hollenback and Tom Rathburn on the DVL honorable mention list. Both are freshmen perform like veterans.

Hoover, one of the toughest cage competitors around, also was named to the first team All-Pickaway five. The lefthanded ace is a junior and should reach his peak come next season.

Although he shines as a center, the 6-4 Hoover was named to the DVL mythical team as a forward. He averaged 25.2 points per game in Darby Valley competition and

22.7 per contest in the Pickaway County loop.

HOLLENBACK averaged 12.9 and Rathburn 12.2 in the DVL. Both were named to the Pickaway County honorable mention list.

Jerry Bradds of Greenview was the only other unanimous choice for the DVL first team. He is a 6-7 junior who averaged 28.3 in loop play.

Other first teamers were Junior Thomas of Jonathan Alder, a 6-3 junior with an 18.6 average; Jim Sellers of Greenview, a 5-10 senior averaging 17.8; and Mark Whitaker of Madison South, a 6-foot sophomore who averaged 15.6.

Greenview, paced by Bradds and Sellers, walked off with league honors this season. The loop is composed of Ashville, Greenview, Madison South, Mt. Sterling, Jonathan Alder, West Jefferson and Triad High Schools.

Willie Mays of the Giants led the National League in stolen bases last season for the third straight year. He stole 31 times. He was caught six times.

COLUMBUS, Ohio (AP)—Cleveland East Tech vs Salem in Class AA, and Edgerton vs Lynnwood-Jacksontown in Class A.

That's the menu today for Ohio's anything-can-happen high school basketball championship finals at St. John Arena.

COLUMBUS, Ohio (AP)—Confident Salem challenged powerful Cleveland East Tech and Edgerton tangles with Lynnwood-Jacksontown today as the Class AA and A high school cage classic swings into the final round.

LOUISVILLE, Ky. (AP) — California and its rock-ribbed defense go against West Virginia and Jerry West, the most prolific scorer in tournament history, for the NCAA basketball title at Freedom Hall tonight.

The two conference titans, California of the Pacific Coast and West Virginia of the Southern meet in the blue chips game at 10 p.m. EST, following a consolation match for third place between Cincinnati and Louisville.

VERA CRUZ, Mexico (AP) — Bobby Avila is showing more indecision about quitting big league baseball than he ever did in making a play at second base for the Cleveland Indians.

TAMPA, Fla. (AP)—The rumor seems to be spreading that the Cincinnati Reds need better pitching desperately.

The problem has had new manager Mayo Smith in executive huddles this week with general manager Gabe Paul.

Walnut Nine Shows Early Development

The Walnut Twp. Tigers are in the midst of preparing for the coming baseball season under the supervision of Coach Paul Reiss.

It is hoped that the Tigers can play an average of three games a week if rainfall doesn't interfere.

Reiss said his ball club is much improved over last year, with three promising hurlers showing early development. They are Tom Harber, a sophomore, and David Weaver and Lloyd Davidson, juniors.

There are 11 freshmen and sophomores on this year's squad

and only three seniors, making for a relatively young team.

THE SENIORS are John Noecker, second baseman, James Riley and Mickey Six, two outfielders. Raymond White, sophomore catcher, has one year's experience under his belt.

Other team members are first basemen George Forson and Andy Duvall, and second basemen Bill Hoover and John Marburger.

Also available are Shortstops Mike Neff and Larry Crimeans, third basemen Eugene Hossley and Lewis Hildreth, outfielders Boyd Boone, Jeff McCray, Kenneth Richards and Richard Hedges and catcher Clarence Gray.

Freshmen are Neff, Crimeans and Hildreth; sophomores, Harber, Hoover, Marburger, McCray, Richards, Hedges and Gray. Juniors are Forson, Duvall, Hossley and Boone.

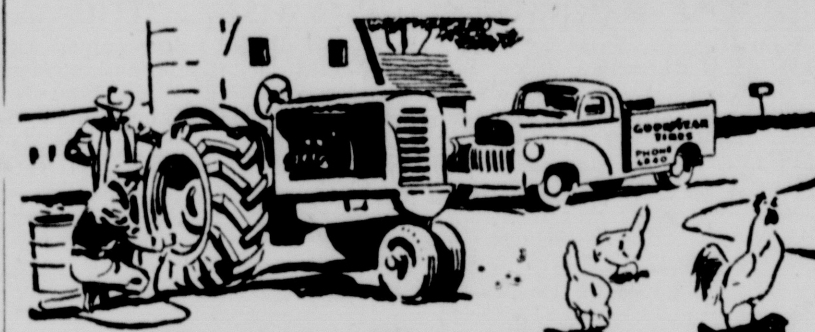

Early application speeds the handling of loans and helps make sure the money is ready when needed.
